Sir,

Sub: Textiles - Mill cloth - Buckingham & Carnatic cloth - supply to Tungabadra Project Co-operative Stores.
Ref: Letter No.415/51-13 dated 9-4-51 from the Collector, Bellary.

I enclose a copy of the letter cited above from the Collector of Bellary. The Special Deputy Collector for Welfare and Recruitment of Labour, Tungabhadra Project Dam site has stated that there are no cloth dealers in the Tungabhadra Dam site area and that the officials as well as the labourers engaged in the Project work find it impossible to secure any cloth. The Collector of Bellary has therefore recommended the supply of Buckingham & Carnatic Mills cloth to the Tungabhadra Project Co-operative Stores.

According to Government Memorandum No.45000 M.S./50-1 dated 12.7.50, only primary co-operative stores which were doing mill cloth business during previous control are eligible for supplies in this control and that too for the

p.t.o..

exclusive use of their members. In the circumstances stated by the Special Deputy Collector, I recommend that the Tungabhadra Project Co-operative Stores may be permitted the supply of mill cloth from Buckingham & Carnatic Mills as a special case.

I request orders of Government in the matter.

Sd/-M.S.Sivaraman,
Director of Controlled Commodities.

Sir,

Sub: Textiles-Buckingham & Carnatic mill cloth-Sale in Dasmite through T,B.P.Stores.

...

I enclose a copy of the Rc.No.31/50-51 dated 18.3.51 of the President Cooperative Stores, Dasmite, Hospet to the Buckingham & Carnatic mills, Madras. It is self explanatory. Several times the T.B.P. Stores has been writing to the B.& C. Mills, Madras for a quota of its cloth but till now the request for a supply has been turned down on the ground that this mill is fully represented. The Dasmite is a colony by itself consisting of various classes, coming from distant places of the State like Vizag in the north, and Ramanathapuram in the South. The population is nearly 30,000 as stated in the letter cited above. Several officers, and very respectable people have not been able to get B & C mill cloth though there are some agents in Hospet. The Dasmite is about 3 miles from Hospet and being engaged in their own work, they do not find the necessary time to go to Hospet. As the competition for purchasing this cloth is keen, often they find on enquiry at the shops selling this cloth that it was received and sold off the same day. I request that this difficulty may be brought to the notice of the mills through the Director of Controlled Commodities, and the mill authorities persuaded to choose the Tangabhadra Project stores as their representative for this area.

Ref: 1. Our letter Rc.31/50-51 dated 27.2.51.
2. Your letter Sales No.3/519/MP/207. dated 13.3.51.

We are sorry to note that you have not been pleased to enlist us as one of your retailers, in spite of our genuine representations. No doubt, you might be fully represented in Hospet and several other stations, but the actual difficulty is there is no other cloth dealer in the Dasmite area and the Officials as well as Labourers engaged in the Project work find it almost impossible to secure any cloth from any dealers in Hospet or any other place. It was only with the intention of serving the needs of nearly 30,000 persons that we made our earnest representations to you. We, therefore, once again request you to reconsider your decision.

2. Moreover, it might not, after all, make much different or cause any inconvenience if you enlist one more retailer to represent your mills. On the other hand, it will go a long way in the actual service of the public especially the labour class.

3. We, therefore, earnestly request you to reconsider the whole matter and enlist us as your retailer for the Dasmite area, at least as a special case.

Do A.S.

Please see the references from the D.C.C. enclosing a letter from the Special Deputy Collector for welfare and recruitment of labour, Tungabadra Project Damsite. The Dy Collector has stated that there are no cloth dealers in the site area and that applicants as well as labourers engaged in the project work find it difficult to secure any cloth. The Collector has recommended that the Tungabadra Project Co-op. stores may be supplied with B+C cloth.

According to Memo. No. 45000 H.L./50-1 dt 24-7-50 only primary Co-op. stores which were doing mill cloth business during previous control are eligible for supplies of mill cloth for the exclusive use of their members. As for the supply of B+C and Hollen cloth, the societies have to make their own arrangements to obtain cloth either direct from the mills concerned or through their wholesalers. It does not appear that the Tungabadra Project Co-op. stores was doing mill cloth business during the previous control period. From the letter of the Spl. Dy. Collector, it is seen that the stores had addressed the B+C. Cloth for supply of their cloth but it was not complied. The D.C.C. however recommended

Y

3173 38/2750

that the stores may be permitted the supply of Bicycle mild steel as a special case. Submitted for orders whether the Bata Co. Ltd may be requested to supply these cycles to the Tungabhadra Project Corp stores.

... It is said that there are 30,000 people at Dornakal that the nearest cloth shop for them is at Hospet three miles away & that by the time they get to know the arrival of mill goods, they are sold out.
